01 PROFESSIONAL PROFILE

I am a student of Electronics and Communication Engineering (ECE) at VSB Engineering College, Karur. I am interested in learning about electronics, communication systems, and technology. I enjoy solving problems, working in teams, and learning new things. I am looking for opportunities to improve my skills and gain real-world experience through projects, internships, or training.

- Your career goals (like working in core electronics, software, telecom, etc.)

02 Education

V.S.B ENGINEERING COLLEGE

Bachelor of Engineering (B.E.)
in Electronics and
Communication Engineering

03 ACADEMIC PROJECTS

Line Follower Robot - Developed a simple line-following robot using IR sensors and DC
Bluetooth Control RC Car-use at LF2 carrier model board,gear motor,
bluetooth module and lithium ion battery
Utilized Arduino Uno to control sensor data and motor functionality.

04 CERTIFICATIONS & COURSES

EXPERIENCE

java programming - self learning
Python Programming - college Curriculum
Arduino Basics - Self-learning

05 ACHIVEMENTS

-BasketBall-State level champion at 2023 -
Kabbadi-District level Champion at 2017
